

Dear parents,

Here it is the last newsletter of the year. Unbelievable! I think the children have had a great time, I know Miss Marlo and I have had fun. This last theme will be sea life. It's a great unit. For this unit we will need baby food jars. One per child but any extras you may have would be helpful. Small jars work well but it really doesn't matter what size. Thank you.

Here is the graduation agenda: On your child's last day of school, you will drop off at regular time but will return at 11:00 for a small "in-class" ceremony. This is not fancy and we have limited space in class so please keep this in mind. Please bring in treats to share and we will have time after the ceremony to visit. Don't forget your child's earthquake kits, extra clothes and any last assignments. It would be a good idea to bring a bag to carry everything that is going home. Well I can't think of anything else. You are the last class for Miss Marlo (Marshmello.) She will be moving up to 1st and second grade now with her son Carson. Miss Janice has threatened to fail Carson so we can keep her with us another year. **I'm all for it!!!** Your children were blessed to have her as a teacher. She loves each and every one of our/your children.

Thank you all for a wonderful year.
